## PotLock Privacy Policy

*Effective Date: December 24, 2023*

### Your Privacy is Important to Us

PotLock is committed to protecting your privacy and handling your information responsibly. This Privacy Policy explains how we collect, use, and share information when you use our platform.

### What Information We Collect

We do not collect any personally identifiable information (PII) about you. This means we do not collect your name, email address, physical address, phone number, or any other information that could be used to identify you personally. We do not use cookies currently. We are leveraging decentralized front ends and are not the official gateway providers for our platform on NEAR Protocol. This is subject to change with PotLock hosted applications in the future.

## **Who information is shared with or sold to.**

Information is not sold to different actors. Rather currently we do not have a back end database and we store information on chain. This means anyone can access this information to create profiles and analytics.

## **Information You Choose to Share on the Blockchain**

PotLock is built on a blockchain network, which is a public, decentralized ledger. Any information you choose to share on the blockchain, such as project descriptions or funding proposals, will be publicly viewable. PotLock is not responsible for controlling or removing information that you have shared on the blockchain.

## **Public Goods Registry on NEAR Protocol**

We manage a public goods registry on the [NEAR Protocol blockchain](#). This registry contains information about projects that have been funded through PotLock, such as project names, descriptions, and funding amounts. This information is publicly viewable on the NEAR Protocol blockchain.

## **Purpose for Collection**

Purpose for data collection for organizations to transparently communicate information and updates to the public.

## **Consent**

By publishing information on the blockchain we are obtaining implicit or explicit “meaningful consent” in order to collect, use, and share users’ personal information.

## **Limiting Collection**

We limit the collection we obtain. Although we love transparency and accountability to donors, we have much project information successfully.

## **Accuracy**

Organizations must keep personal information accurate, complete, and up-to-date. As information is stored on the blockchain it is responsibility for the organization to upkeep its profile and manage access to its account. We cannot restore blockchain account's if an organization loses its private keys.

## **Individual Access**

Users can update their individual access.

## **Your Rights**

You have the following rights regarding your information:

- Access: You can request access to the information we hold about you, if any.
- Rectification: You can request that we correct any inaccurate information we hold about you.
- Erasure: You can request that we erase any information we hold about you.
- Restriction of Processing: You can request that we restrict the processing of your information.
- Objection to Processing: You can object to the processing of your information.

## **GDPR Compliance**

POTLOCK is committed to complying with the General Data Protection Regulation (GDPR). If you are located in the European Union, you have additional rights under the GDPR, which are outlined in this Privacy Policy.

## Contact Us

If you have any questions or concerns about this Privacy Policy, please contact us at [support@potlock.org](mailto:support@potlock.org)

## Changes to this Privacy Policy

We may update this Privacy Policy from time to time. If we make any significant changes, we will notify you through the PotLock platform through a changelog in this document

Individuals have the right to challenge our compliance with the 10 principles. Inquiries can be addressed to [support@potlock.org](mailto:support@potlock.org)
